Integrated Process Management System - Application helps automate management processes – Audit, Documentation, Risk Assessment & Learning Management System, .

eTrack Capex for Hindalco Ltd. – a work flow application for Capital Purchase of all locations and corporate

Data Centre & Campus Area Network Build Project Management

- Prepare Phase
 - Align / amend RFQ
- Design Phase
 - Finalize RFQ design and BOM
 - Evaluate vendors for technical competency
 - Prepare comparative cost sheet for management approval
 - Assist in Purchase Order Release. Prepare Technical Specifications
 - Finalize Project Plan and schedule with contracted vendor
 - Assist in approval of project design (to include but limiting to –as identified in Project Plan)
- Build Phase
 - Monitor and manage project as per project schedule with vendor
 - Coordinate / liaise with customer for relevant approvals, sanctions
 - Report progress
- Acceptance Phase
 - Evaluate test reports, completion certificates, measurement reports against BOM
 - Verify supply of material against BOM
 - Put up reports, completion certificated for evaluation / verification
 - Ensure availability of upgraded “As built plans” from vendor
 - Ensure “go live “ as per PO and project plan
 - Ensure training provided to relevant team
- Closure
 - Ensure submission of closure report to respective departments (e.g. technical, finance etc.) for release of payment to vendor
 - Coordinate for formal closure of project

Executed in two green field projects for Hindalco at Hirakud (Orrisa) & Mahan (MP) & Novelis India Infotech Ltd.

Ticket Auditing/ Inspections & Service Desk tool implementation audit.

Quality of IT service at grassroots level depends on handling of each & every call/ticket.

Organizations verify quality of these deliverables by internal audits. Internal audit can verify a very limited sample of tickets. The difference of “volumes of ticket generated” vs. “number of tickets checked” will always be very high. The checking parameters, the methods of inspection are generally not defined for internal audits. Thus with a low sample size and non-defined parameters, internal audits do not produce consistent results. A consistent quality check can be done by regular transactional or ticketing inspections against a defined Inspection plan.

- Design ticket audits / Inspections for a much larger sample size.
- Deploying trained audit teams, to conduct of audit as per agreed sample size.
- Report -daily performance & cumulative performance of the IT service management.

Director Quality Assurance Hughes Communication India Ltd.

Letter of Appreciation

Core Consulting had been engaged with Hughes Communication India Ltd. through Major Bose and Lakshman. We had given them the challenge of reviving ISO 27001 Implementation of our Internet Data center and help us achieve our Up-gradation Certification within a short period of 4 months. It is such a pleasure to state that they not only stood by us in not so easy activity but went way ahead to give us auditing, process and technical consulting/advise out of scope for betterment both at Data center as well as at organization level. Core Consulting approach methodology for process creation and implementation through web portal including Risk Assessment has been appreciated by External Auditor (BSI). Their positive attitude and integration approach has lead us extend our scope of consulting from Data Center to Enterprise Business unit.

Thanks You
Regards
Kuhu Adhikary

NIIT Ltd, Gurugram, India

Letter of Appreciation

NIIT LTD Corporate Learning Group had engaged with Core Quality IT Management Consulting Pvt Ltd to implement ISO 22301 Standard (Business Continuity Management System) requirements in the organization.

Mr Shaktibrata Bose and his team has made extra ordinary effort to established Business Continuity in-depth framework at organizational level within short duration. We have received excellent feedback from our clients for the detailed process documents and risk management framework with respect to business continuity.

We are happy with the services and support provided by Core Quality IT Management Consulting Pvt Ltd.

Thank you!!

Vivek Kumar

Head SEPG
